DI BOWL

Disinfectant Restroom Cleaner

Description:

A deodorizing disinfectant restroom cleaner for nurseries, nursing homes, hotels and motels, schools, restaurants and food plants. Use in business and industrial buildings, as well as homes. Cleans and deodorizes porcelain, tile, and grout.

Directions:

Clean and deodorize toilet bowls and urinals: Force the water out of the bowl by plunging the head of the bowl mop into the trap.

Remove the water from the mop head by pressing it against the inside of the bowl. Proceed to pour one to two ounces of the product over the strands of the mop and then spread evenly over the surface to be cleaned. Scrub the surface with the bowl mop, especially right under the flush ring. Allow the surface to remain wet for at least ten minutes before flushing.

Make sure to thoroughly clean under the flush ring.

Benefits:

- Deodorizes as it cleans
- Great for both tile and grout
- Safe on multiple surfaces
- No phosphates
- Pleasant floral scent
- Economical

Specifications:

Appearance.....	Slightly viscous turquoise blue
Odor.....	Floral
Specific Gravity.....	1.015 ± 0.005
Density.....	8.47 ± 0.05 lb/gal
pH.....	12.5 ± 0.5
Stability.....	One year minimum
Solubility.....	Complete
